Eastbound and Westbound US 36 Full Closure at McCaslin

As part of the US 36 Express Lanes Project, a section of the McCaslin Boulevard bridge removal will require a two-night closure of eastbound and westbound US 36 underneath the bridge on June 8 and 9, 10 p.m.-5:30 a.m. Additional nights should be anticipated. Traffic will be directed off of the highway via the McCaslin off-ramps and be placed immediately back onto the highway as shown below. Traffic control will be in the area to assist during the detour. RTD bus operations will follow the detour.

For more information, visit expresslanes.codot.gov or call the project hotline at 303-404-7042.
